YOUR WEEKLY TENDERS REVIEW

TIPS TO GET A GOVERNMENT TENDER

1. You need to always go through the bid documents carefully.
2. Always make sure your documents are completed in full.
3. A proper cost analysis needs to be done when calculating your bid prices. A bid calculated either too high or low will be considered unresponsive.
4. You need to inquire about the bid and get all the relevant information before completing the tender document.
5. If you were unsuccessful in the bidding process, feel free to ask about why you failed. With that information, you will learn from the mistakes made.
6. Meet all requirements within the specified time, in the event your bid is successful, honour it.
7. Do not offer any false information or misinterpretations in your bid documentation, and it is highly illegal and enforceable by law.
8. Make sure you deliver on quality services and products as this will improve your track record and right standing with the department and by extension, give a proper face to small businesses in general.

Are you a supplier and intend to do business with the government? Good news is, you do not have to physically go to government offices and be in long queues for hours to transact business.

More so, you do not need "connections" to get a government tender, as long as you have the required qualifications, you can go for IFMIS self-registration.

In order to position your entity to get tenders it is important to play by these rules:

Rule 1: Make sure your business is registered, either as a sole proprietorship, partnership, limited company or a cooperative.

Rule 2: Obtain a PIN and tax compliance exemption certificate for the business from the Kenya Revenue Authority (KRA).

For more information about this you can visit the KRA website.

Rule 3: It is important to obtain requisite certifications from professional bodies and authorities. For instance, if you're physically disabled, you may need to obtain requisite certification from the National Council for Persons with Disability.

ABOUT TENDER GAZETTE:

Tender Gazette is a rapidly growing Newspaper that help suppliers and contractors find government and private tendering opportunities in Kenya. We provide tender information, including invitation to contract, business opportunities and government contracts.

KENYA SPACE AGENCY (KSA)

TENDER NOTICE

The Kenya Space Agency (KSA) was established as a state corporation through the Kenya Space Agency Order of 2017 (Legal Notice No. 22 of 7th March, 2017) as a successor to the National Space Secretariat which had been established via Gazette Notice No. 5563 of 5th June, 2009. The mandate of the Agency is to promote, coordinate and regulate space related activities to enhance utilization of space technology for socio-economic development.

KSA invites tenders from eligible and interested bidders for the following:

Tender No.	Tender Description	Tender Commencement	Tender Closing Date and Time
KSA/T/001/2019-2020	Supply, delivery & installation of satellite communication	Date 12th May 2020	26th May 2020 at 10.30 am
KSA/T/002/2019-2020	Supply and delivery of a planetarium	Date 12th May 2020	26th May 2020 at 10.30 am
KSA/T/003/2019-2020	Supply and delivery of a communication laboratory equipment	Date 12th May 2020	26th May 2020 at 10.30 am
KSA/T/004/2019-2020	Supply and delivery of Geo information technology tools (GIS/GIT)	Date 12th May 2020	26th May 2020 at 10.30 am

Interested eligible bidders may download the Tender document from the KSA website www.ksa.go.ke. Immediately after downloading forward your Company Details (Company Name, Mobile No. and ID no. for any of the director) to info@ksa.go.ke for record purpose.

The completed tender documents enclosed in plain sealed envelopes clearly marked with Tender No. and Tender name as above and shall be addressed to:

**THE DIRECTOR GENERAL,
KENYA SPACE AGENCY,
PITMAN HOUSE, 4th Floor,
P.O. Box 7046- 00200, NAIROBI**

And deposited in the tender box situated at PITMAN HOUSE, 4th Floor on or before 26/05/2020 at 10.30 am. Late bids shall not be accepted.

Tenders will be opened immediately thereafter at the KSA Boardroom on 4th Floor in the presence of bidders and/or their representatives who choose to attend.

KSA reserves the right to accept or reject any tender in the whole or in part and does not bind itself to accept any tender or give reasons for rejection.

KENYA NATIONAL EXAMINATIONS COUNCIL

"To be a World Class Leader in Educational Assessment and Certification"

KCSE ASSESSORS FOR ORAL AND PRACTICAL PAPERS

Kenya National Examinations Council (KNEC) wishes to recruit Secondary School teachers as assessors for KCSE Oral and Practical papers. The selected teachers will be trained on the job during assessment of the 2020 KCSE.

Teachers who are already in the KNEC database of assessors need not to apply. Applications are invited from all interested and qualified teachers as follows:

1.0 KCSE ORAL AND PRACTICAL EXAMINATION PAPERS

Secondary school teachers to be recruited for the following papers:

SR/NO	PAPER NAME	PAPER CODE
1.1	German Oral	502/3
1.2	Arabic Oral	503/3
1.3	Music Practical	511/1

2.0 REQUIREMENTS

2.1 Qualifications for recruitment

- 2.1.1 Be a practicing teacher in the relevant subjects;
- 2.1.2 Diploma in Education (and above);
- 2.1.3 Must have a minimum teaching experience of three (3) years and above;
- 2.1.4 Must be registered by the Teachers Service Commission (TSC);
- 2.1.5 Must be recommended by his/her head of institution;
- 2.1.6 Must NOT be on interdiction or any other form of disciplinary action from the employer;
- 2.1.7 Must be 50 years of age and below.

3.0 APPLICATION PROCEDURE

Applicants to access the online form using the link: <https://cp.knec.ac.ke/assessors>, fill in their respective personal details and print the same form. They will further be required to fill in sections 2.0 and 4.0 manually, attach the testimonials listed in the application form and forward to KNEC so as to reach the Council on or before 30th July, 2020.

Only qualified Teachers/Tutors who have presented all the required documents will be shortlisted for the assessment exercise.

All Applications should be addressed to:

**Ag. Chief Executive Officer
Kenya National Examinations Council
P.O. Box 73598 -00200 NAIROBI**

Affairs

CALL FOR SUBMISSIONS ON ICT INNOVATIONS TO MITIGATE COVID-19 PANDEMIC

The impact of the COVID-19 pandemic in Kenya, as with the rest of the world, has spread beyond the healthcare sector causing a ripple effect on economic development, agriculture and food production, education and job security.

It is expected that the substantive impact of the virus on livelihoods of Kenyans will occur less from health-related issues and more from the economic shock, disruption and the citizens' response to the crisis.

Following the declaration of COVID-19 as a global pandemic, and the recognition of the pivotal role of Information and Communication Technologies (ICTs) in combating the pandemic, the Cabinet Secretary for ICT, Innovation and Youth Affairs established the COVID-19 ICT Advisory Committee on 21st April 2020 through a Gazette Notice No. 3256.

The Committee's mandate includes developing and implementing a framework for identifying, supporting and scaling local ICTs solutions that can support the country's efforts in combating the pandemic and establishing an enabling environment that will stimulate economic development through ICTs and increase digital employment by supporting enterprises, workers, investments and skill development.

The Committee is inviting applications and/or offers on innovations on local ICT solutions that can support the Government's efforts in combating the COVID-19 pandemic. Members of the public may submit their applications and/or offers on innovations and solutions to the Committee by:

1. Filling out the application form on the Communications Authority of Kenya's website available on the following link: <https://ca.go.ke/about-us/who-we-are/ict-advisory-committee-on-covid-19/>.
2. Sending an email to the Committee through the Communications Authority of Kenya via CIAC@ca.go.ke or through the contacts listed below.

For further clarifications, contact the Secretariat of the Committee through the following telephone numbers: 0110 944 876 and 0110 944 877.

NATIONAL TENDER NOTICE

The Communication Authority of Kenya (CA) is the regulatory authority for the ICT industry in Kenya with responsibilities in telecommunications, e-commerce, broadcasting, postal/courier services and cyber security. CA is also responsible for managing the country's numbering and frequency spectrum resources, administering the Universal Service Fund (USF) as well as safeguarding interests of consumers of ICT services.

CA invites sealed tenders from interested eligible firms to submit their tenders as detailed below:

No.	Reference Number	Description	Closing dates
1.	CA/PROC/RFP/10/2019-2020	Request for proposal to undertake a baseline survey for Postal & Courier Services in Kenya	27th May 2020 on or before 10:30 am
2.	CA/PROC/RFP/11/2019-2020	Request for proposal to undertake a baseline survey in Broadcasting Services in Kenya	27th May 2020 on or before 10:30 am

A complete set of tender documents containing detailed information maybe collected from the Procurement Office located at CA Centre 2nd floor Wing A, along Waiyaki Way, Nairobi, during normal working hours upon payment of a non-refundable fee of Kshs.1,000.00 (hard copy of the tender document).

The documents can also be accessed and downloaded from the Public Procurement Information Portal: <http://www.tenders.go.ke/website/tenders/index> and the Authority's website: www.ca.go.ke/index.php/tenders free of charge. The firms that download the document must arrange to forward their particulars/contacts to the Head of Procurement, Communications Authority of Kenya, through email address tenders@ca.go.ke before the closing date for records and for the purposes of receiving clarifications and/or addendums, if any.

MINISTRY OF WATER & SANITATION AND IRRIGATION

KENYA WATER SECURITY AND CLIMATE RESILIENCE PROJECT (KWSCR-1)

Project ID:	P117635	Credit No.	IDA 5268-KE
-------------	---------	------------	-------------

CONSULTING SERVICES – FIRMS SELECTION

REQUEST FOR EXPRESSION OF INTEREST CONSULTANCY SERVICES FOR PREPARATION OF RESETTLEMENT ACTION PLAN NO. 4 (RAP 4) FOR TERTIARY CANALS IN LOWER NZOIA IRRIGATION PROJECT

CONTRACT NO: MOWSI/KWSCR-1/007/2019-2020

- The Government of Kenya has received financing from the World Bank toward the cost of **Kenya Water Security and Climate Resilience Project – 1** and intends to apply part of the proceeds from this financing for payment of consulting services for the preparation of Resettlement Action Plan No. 4 (RAP 4) for Tertiary Canals in Lower Nzoia Irrigation Project.
 - The consulting services main objective is to provide technical assistance to the Ministry of Water & Sanitation and Irrigation (MOWSI) by preparing a Resettlement Action Plan (RAP) No.4 (RAP 4), for Tertiary Canals building on the previous RAP Reports prepared prior and during works implementation. The RAP will be written as a plan, describing practical actions that have already been agreed between the World Bank and the Government of Kenya. It should therefore NOT be written as an analytical study concluding with "recommendations" for the government's consideration. A RAP or Abbreviated RAP (ARAP) are required to ensure that Project Affected Persons (PAPs) are compensated according to the existing RPF (Resettlement Policy Framework) which is prepared based on the Laws and Regulations of Kenya governing compensation for any loss of productive land, structures or other properties, as a result of land acquisition as well as the World Bank Involuntary Resettlement Policy (OP 4.12).
 - The Scope of the Services include but not limited to; The RAP must include detailed baseline census data and socioeconomic survey, valuation report of all losses, specific compensation rates and standards for every affected person at full replacement cost, entitlement matrix, description of resettlement sites and programs for improvement or restoration of livelihoods and standard of the living; RAP implementation schedule or resettlement activities; and detailed cost estimate, among others. More important on the document is an assessment of the impact of the loss of land or other assets based on the detailed design. The affected households should be accurately identified and enumerated through a 100% census process. Lost land and affected assets, as well as the potential impact of such losses on incomes and living standards, should equally be assessed through the socioeconomic survey process. Women land ownership and tenure protection on land matters must be protected and assured in the RAP.
 - For the detailed Terms of Reference for this assignment with specific objectives and scope of the tasks, key deliverables, timing, competence and qualifications and other requirements, please visit the Project's website: www.kwscrp.org and Ministry's website: <https://www.water.go.ke/tenders/>
 - The duration of the services is expected to be **4 months (16 weeks)**
 - The Ministry of Water & Sanitation and Irrigation now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The short-listing criteria are:
 - Relevance and suitability of the applicant's core business to the assignment.
 - The Consulting firm must have at least seven (7) years relevant experience in the field of Resettlement Planning and Auditing in similar projects (preparation of Resettlement Action Plans for large infrastructure investment projects).
 - Specific experience in at least five (5no.) successfully completed similar projects within the past ten (10) years (*Attach completion certificates/ client's completion recommendation letters as support of successful completion of cited assignments*).
 - Demonstrate familiarity with World Bank resettlement policies.
 - Firm's institutional strength in terms of technical and managerial competence, financial strength and quality of management systems will be important assets.
- NOTE: Key Experts CVs will not be evaluated at this stage.**
- The attention of interested Consultants is drawn to paragraph 1.9 of the World Bank's Guidelines: **Selection and Employment of Consultants [under IBRD Loans and IDA Credits & Grants] by World Bank Borrowers, January 2011 revised July 2014** ("Consultant Guidelines"), setting forth the World Bank's policy on conflict of interest.
 - Firms may associate in the form of a joint venture or a sub-consultancy to enhance their qualifications.
 - A Consultant will be selected in accordance with the **Consultant Qualification Selection (CQS)** method set out in the World Bank's Guidelines: **Selection and Employment of Consultants [under IBRD Loans and IDA Credits & Grants] by World Bank Borrowers, January 2011 revised July 2014** ("Consultant Guidelines")
 - Interested consultants may obtain further necessary information at the address below during office hours between 0900 to 1600 hours from Monday to Friday excluding lunch hour (1300 to 1400hrs) and public holidays.
 - The completed expression of interest documents in writing in three (3) copies must be delivered to the **Tender Box on Ground Floor, Maji House** or sent by email to the address below so as to be received on or before **26th May 2020 at 1000 hours East Africa Time**. For expressions of interest that will be deposited at the tender box, the packages should be clearly marked: **CONTRACT NO: MOWSI/ KWSCR-1/007/2019-2020 for "CONSULTANCY SERVICES FOR PREPARATION OF RESETTLEMENT ACTION PLAN NO. 4 (RAP 4) FOR TERTIARY CANALS IN LOWER NZOIA IRRIGATION PROJECT"** and addressed to:

Principal Secretary
Ministry of Water & Sanitation and Irrigation
Kenya Water Security and Climate Resilience Program,
Maji House, 5th Floor – Room No. 513/542, Ngong Road,
P.O. Box 49720-00100, Nairobi.

PUBLIC NOTICE

ONLINE REGISTRATION OF ALL SMALL-SCALE WATER SERVICE PROVIDERS WITHIN NAIROBI METROPOLITAN

(SECTION 85(1) OF THE WATER ACT 2016)

The Water Services Regulatory Board (WASREB) hereby informs the public that provision of water services without authority of a license issued by the board constitutes an offence under section 85(1) and (2) of the Water Act 2016.

Accordingly, in order to ensure that water service standards are adhered to in terms of quality, cost and customer service and to guarantee the health and safety of consumers, WASREB shall henceforth commence registration of all small-scale water service providers within Nairobi Metropolitan in accordance with the law and the Water Vending Guidelines issued by the board.

Registration requirement applies to the following category of operators:

- Water bowsters/tankers.
- Exhausters
- Gated community water service providers/Housing Development Company water projects.
- Private Boreholes engaged in commercial water supply.
- Non-Governmental Organization (NGO) water projects.

How to register

The general public is hereby notified that Wasreb has delegated the registration and monitoring authority in respect of small-scale water service providers within Nairobi Metropolitan to Athi Water Works Development Agency (AWWDA).

All water service operators enumerated above are therefore required to access, complete and submit an online registration form from the Athi Water Works Development Agency website: www.awwda.go.ke/registration

Please note that as a measure to prevent the spread of Coronavirus (COVID-19), no hard copies of the forms will be accepted.

Deadline for registration

The registration exercise will close on **15th May 2020**. Please Note that there will be no extension.

Any person providing water services without a license after the said date will be liable for prosecution.

Please note that this registration is at no cost.

Applicants are further notified that monitoring and enforcement of the law and guidelines on provision of water services by small-scale water providers shall be undertaken by Athi Water Works Development Agency (AWWDA) and Nairobi Metropolitan services (NMS) in collaboration with WASREB.

- (i) served for a minimum period fifteen (15) years and currently serving at the grade of Principal Radiation Protection Officer (CSG 8) and above or in comparable and relevant position in the public service or private sector;
- (ii) a Bachelor of Science Degree in any of the following disciplines: Physics, Chemistry, Nuclear Engineering, Physical Sciences with a bias in Atomic, Radiation or Nuclear Science or equivalent qualification from a university recognized in Kenya;
- (iii) attended a Certificate Course in Radiation Protection or any other equivalent certification from a recognized institution; and demonstrated professional competence as reflected in work performance and results.

Note: possession of a Master of Science degree in a relevant field from a university recognized in Kenya will be considered an added advantage.

Duties and Responsibilities

An officer at this level will be deployed in any of the following sections:-

(a) Inspections and Licensing

Duties and responsibilities will include:

- (i) overseeing inspection and review of radiation sources, facilities, activities and workers;
- (ii) coordinating inspection and assessment of import and export points/sources of radioactive and nuclear materials;
- (iii) coordinating assessment and review of radiation protection plans from users of radiation sources;
- (iv) supervising assessment and review of emergency preparedness and response plans for radiation protection and nuclear safety and security;
- (v) coordinating development of IEC materials for public sensitization against exposure to radiation;
- (vi) maintaining and ensuring safe custody of the Regulatory Authority Information System (RAIS); and
- (vii) coordinating assessment and examination of radioactive and nuclear materials for authorization for transportation.

(b) Non-ionizing Radiation

Duties and responsibilities will include:

- (i) coordinating mapping of environmental radiation levels and overseeing radiation and audit surveys for users of radiation;
- (ii) prioritizing instances of Non-ionizing Radiation suspected exposure;
- (iii) reviewing of Non-ionizing Radiation standards and codes of practice;
- (iv) conducting Non-ionizing Radiation Exposure measurements;
- (v) coordinating radiological research activities and outcomes and ensuring implementation of research findings; and
- (vi) forming collaborations with universities and other relevant learning institutions in researching on radiation and nuclear safety and security.

(c) Nuclear Security and Radioactive Waste Management

Duties and responsibilities will include:

- (i) interpreting Radioactive Waste Management policy and guidelines;
- (ii) coordinating development of IEC materials for public sensitization on Radioactive Waste Management;
- (iii) overseeing auditing of the illicit and trafficking database and coordinating radioactive waste management activities and programmes;
- (iv) coordinating assessment and evaluation of the level of awareness on nuclear safety and security;
- (v) facilitating implementation of nuclear safety and security treaties, agreements and resolutions;
- (vi) ensuring development of a Central Radioactive Waste Processing Facility (CRWPF) and supervising operations of the CRWPF; and
- (vii) undertaking mapping of environmental radiation levels and monitoring environmental radiation and radioactivity levels and disposal of radioactive materials.

ASSISTANT CHIEF RADIATION PROTECTION OFFICER - FOUR (4) POST V/NO. 114/2020

Salary Scale	: Kshs. 85, 110 - Kshs. 119,730 p.m. (CSG -7)
House Allowance	: Ksh.16,800 - 45,000 (depending on duty station)
Commuter Allowance	: Ksh.12,000 p.m
Leave Allowance	: Ksh.6,000 (once yearly)
Medical Cover	: As provided by the government
Terms of Service	: Permanent/Local Agreement

For appointment to this grade, an officer must have:

- (i) served for a minimum period of twelve (12) years and currently serving in the grade of Radiation Protection Officer I (CSG9) and above or in comparable and relevant position in the public service or private sector.
- (ii) a Bachelor of Science Degree in any of the following disciplines: Physics, Chemistry, Nuclear Engineering, Physical Sciences with a bias in Atomic, Radiation or Nuclear Sciences or equivalent qualification from a University recognized in Kenya;
- (iii) a certificate course in Radiation Protection or any other equivalent certification from a recognized institution; and
- (iv) Departmental Investigation and Public Prosecution course lasting not less than two (2) weeks.

Duties and Responsibilities

An officer at this level will be deployed in any of the following sections:-

Duties and responsibilities will include:

- (i) inspecting and certifying radiation protection service providers;
- (ii) assessing and reviewing emergency preparedness and response plans for radiation protection and nuclear safety and security;
- (iii) conducting border surveillance activities in collaboration with other state agencies/stakeholders;
- (iv) mapping out environmental radiation levels;
- (v) maintaining an up-to-date system of accounting and control for nuclear materials under the nuclear non-proliferation treaty and comprehensive safeguards agreement;
- (vi) designing radiation protection training manuals and training users of radiation sources and materials; and
- (vii) conducting Non-ionizing Radiation Exposure measurements.

RADIATION PROTECTION OFFICER II - SIX (6) POST - V/NO. 115/2020

Salary Scale	: Kshs. 37,070 - Kshs 49,950 p.m. (CSG -10)
House Allowance	: Ksh.7,500 - 16,500 p.m. (depending on duty station)

KENYA NATIONAL BUREAU OF STATISTICS IS AN EQUAL OPPORTUNITY EMPLOYER.

MINORITIES AND MARGINALIZED GROUPS ARE ENCOURAGED TO APPLY

Kenya National Bureau of Statistics is ISO 9001 : 2015 Certified

National Environment Management Authority

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MAKUTANO SEWERAGE PROJECT IN MURANG'A COUNTY.

Pursuant to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent, Afri Water Works Development Agency, is proposing to undertake construction of Makutano Sewerage Project. The project will comprise; rehabilitation of the Abulion block in Kangari market, laying of around 12.5km trunk sewer pipeline to serve Kimoroti, Wempa, Kabati and Gatura, construction of new sewerage treatment plant of capacity 3,000m³/d in Kihuu Mwin area, Nanga Location, Mitumbiri Division, Gatanga Subcounty, laying of 15.5 km of reticulation sewers and provision of 1000 households sewer connections in Murang'a County.

The following are the anticipated impacts and proposed mitigation measures:

IMPACTS	PROPOSED MITIGATION MEASURES
Noise and vibration	<ul style="list-style-type: none"> Machinery, vehicles and instruments that emit high levels of noise should be used on a phased basis to reduce the overall impact. Where possible silenced machinery and instruments should be employed to reduce the impact of noise on the existing residents and workers. Construction hours should be limited to the hours of 8:00 a.m. and 6:00 p.m. daily. Provision of appropriate personnel protective equipment to the workers.
Vegetation Clearing, Soil Erosion and Sedimentation	<ul style="list-style-type: none"> Only clear vegetation that is absolutely necessary for the construction activities. Retain all mature trees (>25 cm diameter at breast height during this phase of the development if possible. Avoid the use of Invasive Alien Species in the landscaping activities. Cement mixing should be done in a designated area away from storm water drains. Spilled cement or concrete should be collected and disposed away from natural water ways or storm water drainage. Re-vegetation of exposed areas around the site should be carried out rapidly in order to mitigate against erosion.
Solid waste generation	<ul style="list-style-type: none"> A site waste management plan should be prepared by the contractor prior to commencement of construction works. This should include designation of appropriate waste storage areas, collection and removal schedule and identification of approved disposal site. Proper solid waste receptacles and storage containers should be provided, particularly for the disposal of lunch and drink boxes so as to prevent littering of the site.
Air Emissions and Ambient Air Quality	<ul style="list-style-type: none"> Ensure that all vehicles involved in the transport of construction material and staff, and machinery involved in the construction is properly maintained and serviced. Drivers should be sensitized on driving practices that reduce both the risk of accidents and fuel consumption including driving within safe speed limit. Machines must not be left idling for unnecessary periods of time; this will save fuel and reduce emissions.
Occupational Health and Safety Risks	<ul style="list-style-type: none"> Ensure compliance with the Occupational Health and Safety Act, 2007. There should be safety policy clearly displayed on the site. Establish a Health and Safety Plan (HASP) for civil works areas and that the working hours are controlled. Provide workers with appropriate Personal Protective Equipment (PPE).
Fire outbreak	<ul style="list-style-type: none"> Label all inflammable materials and store them appropriately. Provision of adequate firefighting equipment capable of fighting all classes of fire. Put 'No Smoking' Signs in areas where inflammables are stored.
Spread of HIV/AIDS	<ul style="list-style-type: none"> Develop HIV/AIDS awareness programs or initiatives to target the construction workers, community, institutions and the general members of the community, particularly the youth; with the objective of reducing the risks of exposure and the spread of HIV/AIDS within the project area. Maximize hiring skilled and unskilled workers from the host community.
Disturbance of traffic and difficulty of access	<ul style="list-style-type: none"> Provide diversion routes where possible. Give a construction itinerary in advance so that the potentially affected population can use alternative routes and start early to get to their destinations on time. Erect warning signs of on-going works.
Interruption of existing installations on the sewer routes	<ul style="list-style-type: none"> Formal request for permission to cross, break in and build the sewer lines should be sought from affected property owners and the relevant institutions.
Community accidents	<ul style="list-style-type: none"> Establish and enforce a strict code of conduct for all project drivers including outside suppliers delivering materials. The code should focus on safety, especially speed, and loading, especially banning all carriage of staff, workers and passengers except in seats. Appropriate signs must be erected on the site to warn workers and community members. The surrounding community should be sensitized on health and safety.
Health and safety risks from burst sewers	<ul style="list-style-type: none"> Ensure proper and periodic maintenance of sewer lines. Awareness raising among community members not to dump solids in manholes. Regular cleaning of grit chambers and sewer lines to remove grease, grit, and other debris that may lead to sewer backups.
Odor menace from sewerage treatment plant	<ul style="list-style-type: none"> Storage of screenings and grit in closed containers (dumpsters) instead of on the ground and ensuring that all water is hauled off-site on a scheduled and regular basis. Ensure appropriate cover/ventilation of the pre-treatment unit. The perimeter of the proposed site should be vegetated with trees and plants of varying heights thereby forming windbreaker and reduce dispersion of odour.
Risks of Overflowing Manholes due to Blockage of Sewers	<ul style="list-style-type: none"> Regular inspection of the system to ensure performance is maintained at high levels; Regular monitoring and sampling of the waste water at influent and effluent points as well as in the receiving water bodies; Communities living within the river basins where the trunk sewers will be constructed should be enlightened on dangers of using raw sewerage to irrigate farmlands.
Risk of Encroachment and Construction of Structures on the Sewer Way Leave	<ul style="list-style-type: none"> Arrest and prosecution of encroachers as required by Murang'a County By laws on Way Leaves and Road Reserves. MUSWASCO to undertake awareness campaigns aimed at preventing encroachment.
Visual and landscape impact management	<ul style="list-style-type: none"> Elaborate landscaping and maintenance of these sites can limit the viewpoints to the facilities and thus reduce their visual impact.
Grit, sludge and other solid wastes	<ul style="list-style-type: none"> The sludge will be temporarily held in sludge drying beds for sludge digestion and the dry cake will be safe for disposal. The dry cake can then be sold off/collected for disposal as organic fertilizer for use in local farms. Alternatively, in the event that uptake by local farmers is low, the dried sludge can be landfilled and covered with lime/earth at an appropriate location.
Pollution of Nginjiri stream	<ul style="list-style-type: none"> The quality of the discharging sewage into the river will be an important parameter on the regional control of the river eutrophication. Continuous generation and sharing of sewage quality data on pre-scheduled monitoring programmes will be necessary.
Invasion of Birds and Reptiles to the Sewerage Treatment Plant	<ul style="list-style-type: none"> Provide secure barriers to keep off the animals from interfering with the plant operations and safety. In the event of larger wildlife e.g. hippos and crocodiles, ANWDA and MUSWASCO will ensure appropriate consultations with the Kenya Wildlife Services (KWS) on appropriate management actions.

Full report of the proposed project is available for inspection during working hours at:

- Principal Secretary, Ministry of Environment and Forestry, NMF Building, 12th Floor, Regal Road, Upper Hill, P.O. Box 30126-00100, NAIROBI
- Director General, NEMA, P.O. Box 49839-00200, NAIROBI
- County Director of Environment MURANG'A COUNTY.
