Issue No.34/2020

www.tendersgazette.com

22 May 2020

YOUR WEEKLY TENDERS REVIEW

TIPS TO GET A GOVERNMENT TENDER

1. You need to always go through the bid documents carefully.
2. Always make sure your documents are completed in full.
3. A proper cost analysis needs to be done when calculating your bid prices. A bid calculated either too high or low will be considered unresponsive.
4. You need to inquire about the bid and get all the relevant information before completing the tender document.
5. If you were unsuccessful in the bidding process, feel free to ask about why you failed. With that information, you will learn from the mistakes made.
6. Meet all requirements within the specified time, in the event your bid is successful, honour it.
7. Do not offer any false information or misinterpretations in your bid documentation, and it is highly illegal and enforceable by law.
8. Make sure you deliver on quality services and products as this will improve your track record and right standing with the department and by extension, give a proper face to small businesses in general.

Are you a supplier and intend to do business with the government? Good news is, you do not have to physically go to government offices and be in long queues for hours to transact business.

More so, you do not need "connections" to get a government tender, as long as you have the required qualifications, you can go for IFMIS self-registration.

In order to position your entity to get tenders it is important to play by these rules:

Rule 1: Make sure your business is registered, either as a sole proprietorship, partnership, limited company or a cooperative.

Rule 2: Obtain a PIN and tax compliance exemption certificate for the business from the Kenya Revenue Authority (KRA).

For more information about this you can visit the KRA website.

Rule 3: It is important to obtain requisite certifications from professional bodies and authorities. For instance, if you're physically disabled, you may need to obtain requisite certification from the National Council for Persons with Disability.

ABOUT TENDER GAZETTE:

Tender Gazette is a rapidly growing Newspaper that help suppliers and contractors find government and private tendering opportunities in Kenya. We provide tender information, including invitation to contract, business opportunities and government contracts.

and placed in the KoTDA Tender Box on the **3rd Floor of Konza Complex, Konza Technopolis, located along Nairobi - Mombasa road near Malindi Township** to reach the above address not later than the respective closing dates stated above for each tender at **1400hrs local time**.

Submitted bids will be opened publicly at the same venue shortly thereafter in the presence of the tenderers or their representatives who choose to attend.

Any form of canvassing will lead to automatic disqualification.

The Kenya Civil Aviation Authority

STAKEHOLDER COMMENTS ON DRAFT UAS CHARGES

Following the promulgation of the Civil Aviation (Unmanned Aircraft Systems) Regulations 2020, Kenya Civil Aviation Authority is in the process of ensuring implementation of the regulations. To this end and in compliance with the provision of the Civil Aviation Act, draft charges for Unmanned Aircraft Systems (UAS) have been developed and published on KCAA website for stakeholder consultation and comments. Noting the adverse effects of COVID-19 and in particular the impossibility of gatherings for purposes of conducting stakeholder consultation and reception of comments, KCAA will be accepting comments on the draft charges electronically (via email).

The general public wishing to make comments on the draft charges are required to complete the attached form and email it to rpas@kcaa.or.ke for consideration.

The stakeholder consultation process will be undertaken from **19 May 2020 through 26 May 2020**. Comments should be received on or before **27 May 2020**.

REGISTRATION OF ENGINEERS AND PROVISION OF PROFESSIONAL ENGINEERING SERVICES IN KENYA

The Engineers Board of Kenya is established under Section 3 of the Engineers Act No. 43 of 2011. The Board has the overall mandate of developing and regulating engineering practice in Kenya. The Act has further been elaborated by the Engineers Rules 2019 (the Rules) which were gazetted on 5th April, 2019.

The development and regulation of engineering practice is considered a key enabler to the achievement of the Country's Vision 2030 development blueprint and the Big 4 Agenda of the Government of Kenya. The regulation of engineering professional services is meant to provide assurance to the public that the provider of the engineering service has been adequately trained, is knowledgeable in the subject matter, and has been assessed to have capacity and maturity to take full personal responsibility for their acts of commission or omission.

The Engineers Act 2011 requires persons seeking to provide engineering professional services to be duly registered and licensed by the Engineers Board of Kenya. The Act further states that it is an offence to engage persons or entities (firms) to offer engineering professional services if not registered by the Board. This applies to both local and foreign persons and entities.

This notice serves to inform the public of the requirements for registration of engineers and engineering consulting firms, and advice Clients that they should seek or clarify registration status of individuals and Firms from EBK before engagement. EBK is inviting eligible Engineers to seek registration in appropriate categories as part of the implementation of the Rules.

REGISTRATION CATEGORIES

1. Graduate Engineers

A person seeking to be registered as a Graduate Engineer should be a citizen or permanent resident of Kenya holding a degree from a University recognized by the Board. Graduate Engineers offer their services under the guidance of Professional or Consulting Engineers. The mentorship helps nurture the Graduate Engineer and provides an opportunity for the acquisition of relevant skills and development of professional competencies. Typically, the Graduate Engineer will get guidance in engineering design, general management, contract management, supervision of works, operations and maintenance and leadership skills for a proficient and ethical practice.

The Board is encouraging eligible graduates to seek registration as soon as they complete their undergraduate studies. The registration as Graduate Engineers will enable the Board plan appropriately for structured trainings and engagements and will form the basis for acceptable training as provided for under the Rules.

To register as a Graduate Engineer, applicant should create an online account on EBK's Engineer Portal, update their profile and submit their applications by visiting our website (www.ebk.or.ke)

2. Professional Engineers

Professional Engineers are licensed to provide Professional Engineering services and therefore have the legal capacity to submit engineering plans, drawings, schemes, proposals, reports, designs and studies to relevant Authorities in Kenya.

The Professional Engineers are registered upon acquiring at least three (3) years' experience as Graduate Engineers and successfully passing a professional examination conducted by the Board. Professional Engineers are also expected to be Corporate members of the Institution of Engineers of Kenya. (IEK).

The Professional Engineer in Kenya is guided by the Code of Ethics as provided for under Sixth Schedule of the Rules as well as engineering practicing manuals issued by the Board.

The Board is encouraging Graduate Engineers to submit their applications for registration as professional engineers with the following considerations:

- Graduate Engineers who have at least three (3) years' experience are eligible to sit for the examinations. For clarity, those who may have been registered prior to the Gazettement of the Rules in July 2019 and have at least three years' experience (not necessarily as graduate engineers) are allowed to apply to sit for the professional examination;
- Submission of applications and professional interview documents may be done online. Applicants should create an online account on EBK's Engineer Portal, update their profile and submit their applications by visiting our website (www.ebk.or.ke);
- Applicants who are already Corporate members of the Institution of Engineers of Kenya will sit for the professional interview but will be exempted from the written examinations. They are therefore required to submit their applications and their professional interview documents with the Board through their Portal.

3. Consulting Engineers

Consulting Engineers are registered upon attainment of not less than five (5) years as professional engineers and achieving acceptable standards of competence to practice in an area of particular specialization.

Consulting Engineers have the legal capacity to establish Engineering Consulting Firms as sole proprietors or with other engineers and/ or persons as provided under the Rules.

4. Engineering Consulting Firms

The Board is also mandated to register and regulate Engineering Consulting Firms. For a firm to be registered it should be incorporated in Kenya and at least one shareholder should be a Consulting Engineer. This applies to both Local and Foreign Firms. Further details and requirements are as per Section 5 of the Rules and can be obtained from our website. Engineers are reminded that it is illegal to operate Engineering Consulting Firms which are not registered by the Board and may cause their removal from the Register under Section 29 of the Act. Only firms registered by the Board may provide engineering professional services in the Country.

5. Temporary (Foreign) Engineers

Foreign persons seeking to offer specific engineering professional services in Kenya are required to be registered by the Board. Foreign persons are eligible for registration on the following grounds:

- The clients engaging them must demonstrate that the services of the foreign engineer are critical to the specific project and that local citizen engineers are not available to offer the services;
- They must be duly registered as Professional Engineers and validly licensed to offer services in their Country of origin;
- They are only registered for specific works and for defined durations.

Clients intending to engage foreign persons to provide professional engineering services in Kenya are advised to ensure that the proposed foreigners are registered by the Board before coming to Kenya.

6. Accredited Checkers

This category of engineers are peer reviewers and have the capacity to review the works of other professional and consulting engineers with respect to adequacy and safety considerations of the works. The eligible persons must be consulting engineers with at least fifteen (15) years relevant and proven experience in design and construction management specific to the work to be checked.

With the enactment of the Rules the Board is now receiving applications from qualified engineers for registration as Accredited Checkers and is inviting suitably qualified persons to submit their applications.

ANNUAL PRACTICING LICENCE

The Board issues annual Practising Licence to Professional and Consulting Engineers who are in good standing. A person shall not engage in the practice of engineering unless that person has been issued with a licence and has complied with all the requirements. Engineers are reminded that it is an offence to operate without the Practising licence.

CALL FOR ENGINEERS TO SUBMIT DETAILS FOR THE ENGINEERS IDENTIFICATION CARD

To facilitate ease of identification of Professional and Consulting Engineers to the Public, the Board will commence issuance of the Engineers Identification Cards as prescribed under the Rules.

The Board requests the engineers who have not submitted the requested information, including their passport size photos, to do so by **31st May 2020**. This will enable the Board issue the cards to all licensed engineers from the month of June 2020. Submission should be done by visiting our website (www.ebk.or.ke).

REGISTRAR/CEO
ENGINEERS BOARD OF KENYA

THE PRESIDENCY STATE HOUSE

INVITATION TO TENDER

REFERENCE:	SH/07/ DISPOSAL OF IDLE ASSETS /2019-2020

Public Notice Turn Over Tax

Kenya Revenue Authority (KRA) would like to guide the members of the public on the implementation of the changes on Turnover Tax following the assent of The Tax Laws (Amendment) Act, 2020 as below:

- Any resident person whose turnover from business is more than one million and equal or less than fifty million shillings in a year of income, shall be liable to pay turnover tax. A taxpayer:
 - Shall initiate and complete registration for tot on their tax profile.
 - Who had losses brought forward as at 1st april, 2020, shall forfeit the losses as long as they register for tot.
 - Who is in the annual income tax regime and registers for tot from 1st april, 2020 is required to close his annual tax regime by preparing financial statements up to 31st march, 2020 and filing a corresponding income tax return.
 - Who earns any tax credits from 1st april 2020 shall offset them through the tot return.
 - Who turnover is within the above threshold, but chooses not to be taxable under tot, shall be deemed to have informed the commissioner of this choice by not registering for tot.
- Turnover tax shall not apply to –
 - Rental income;
 - Management or professional or training fees; or
 - Any income which is subject to a final withholding tax.

3. In computing Turnover Tax, taxpayers who are registered for VAT shall exclude output VAT as demonstrated below:

	Kshs
Total gross turnover per month	488,000
VAT as calculated from the total gross turnover	59,930
Turnover to be declared in the TOT Return	428,070
Turnover Tax	4,281

4. Taxpayers whose turnover from business is one million shillings and below, are exempt from income tax.

5. A person is required to register for VAT in addition to TOT as long as their turnover on taxable supplies/sales from business is five million shillings or more.

For further clarification and facilitation, please contact the Contact Centre on Tel: 020 4 999 999, 0711 099 999 or Email callcentre@kra.go.ke

Tulipe Ushuru, Tujitegeme!

PUBLIC NOTICE VERIFICATION OF GENUINE MOBILE PHONES IN KENYA

The Communications Authority of Kenya (CA) is the regulatory agency for the ICT industry with responsibilities in telecommunications, e-commerce, cyber security, broadcasting and postal/courier services. CA is also responsible for managing the country's numbering and frequency spectrum resources, administering the Universal Service Fund (USF), as well as protecting the interests of ICT users.

In furtherance of its consumer protection mandate, the Authority has set up a Mobile Messaging Service to aid users in ascertaining whether the mobile phone handsets they own or are about to purchase are genuine.

To use this service, consumers are required to follow the following steps:

- Dial *#06# on the mobile phone to display the International Mobile Equipment Identifier (IMEI) number(s) of the mobile phone.
- Note down the displayed IMEI number.
- Send the IMEI Number, as an SMS text message, to Short Code 1555. Please note that the SMS will not attract any charge.
- You will receive an SMS response from the Authority displaying details of the mobile phone, including the make and model.
- If the details displayed in the SMS message are the same as those of the mobile phone used to send the text message and/or the one intended to be purchased, then it is genuine.
- If the displayed details do not match, then the mobile phone used to send the SMS or intended to be purchased is not genuine.

Members of the public are advised that counterfeit mobile phone devices provide poor quality of service and experience, and pose a major threat to personal health and national security.

Such cases should be reported to the Authority through the contacts provided below:

**Mrs. Mercy Wanjau
Acting Director General**

NATIONAL TENDER NOTICE

The Communications Authority of Kenya (CA) is the regulatory agency for the local ICT industry with responsibilities in telecommunications, e-commerce, broadcasting, cyber-security and postal/courier services. CA is also responsible for managing the country's numbering and frequency spectrum resources, administering the Universal Service Fund (USF) as well as safeguarding the interests of ICT consumers.

To enhance its capacity to effectively regulate the postal/courier and broadcasting services, CA is planning to carry out the following baseline surveys. CA, therefore, invites bids from eligible firms for the tenders outlined here below:

No.	Reference Number	Description	Closing dates
1.	CA/PROC/RFP/10/2019-2020	Request for proposal to undertake a baseline survey for postal, electronic commerce and courier services in Kenya	27 th May 2020 at or before 10:30 am
2.	CA/PROC/RFP/11/2019-2020	Request for proposal to undertake a baseline survey in broadcasting services in Kenya	27 th May 2020 at or before 10:30 am

Eligible bidders may collect a complete set of tender documents from the Procurement Office located at CA Centre, 2nd floor Wing A, on Waiyaki Way, Nairobi, during normal working hours upon payment of a non-refundable fee of **Kshs.1,000.00 (hard copy of the tender document)**.

The documents can also be downloaded from the Public Procurement Information Portal - <http://www.tenders.go.ke/website/tenders/index> - and the Authority's website, www.ca.go.ke/index.php/tenders, free of charge. The firms that download the document must arrange to forward their particulars/contacts to the Head of Procurement, Communications Authority of Kenya, through tenders@ca.go.ke before the closing date. This is important for our records and for purposes of sending clarifications and/or addendums, if any.

PUBLIC NOTICE

INTRODUCTION OF SIMPLIFIED TYPE ACCEPTANCE PROCEDURE DURING THE COVID-19 PANDEMIC PERIOD

The Communications Authority of Kenya (CA) is the regulatory agency for the ICT industry with responsibilities in telecommunications, e-commerce, cyber security, broadcasting and postal/courier services. CA is also responsible for managing the country's numbering and frequency spectrum resources as well as protecting interests of ICT users.

Recognizing the increased demand for ICT services in the wake of the COVID-19 pandemic, and the need to act in the public interest and minimize loss of life, the Authority has introduced a simplified application procedure for type-acceptance of certain categories of ICT devices/equipment. The procedure, which is in line with the ICT sector law, involves submission of:

1. Completed Type Approval Form;
2. Type Approval Certificate from relevant country or jurisdiction;
3. Safety Certification; and
4. Applicable Type Approval Fee

Details of the equipment subject to the Simplified Type Acceptance Procedure can be found on the Authority's website at <https://ca.go.ke/industry/type-approval/type-approval-procedure/>

Any queries and clarifications may be sought from:

CHIEF EXECUTIVE OFFICER
RURAL ELECTRIFICATION AND RENEWABLE ENERGY CORPORATION

MINISTRY OF INDUSTRIALIZATION, TRADE AND ENTERPRISE DEVELOPMENT

STATE DEPARTMENT FOR INDUSTRIALIZATION

REPUBLIC OF KENYA

SUBMISSION OF MEMORANDA

The Cabinet Secretary Ministry of Industry, Trade and Cooperatives appointed a National Taskforce on the reforms on Standards and Quality Infrastructure in Kenya. The taskforce is in the process of reviewing and evaluating in comprehensive terms, the weaknesses and shortcomings of the entire Standards and Quality Infrastructure framework in the context of executing the broad mandate of defining and recommending an effective, robust, internally coherent and agile institutional architecture in accordance with international best practices in progressive jurisdictions.

The organizations that fall within the Standards and Quality Infrastructure framework are: The National Standards Body (Kenya Bureau of Standards (KEBS)), The National Metrology Institute (Kenya Bureau of Standards (KEBS)), The National Legal Metrology organization (The Department of Weights and Measures - Ministry of Industrialization, Trade and Enterprise Development), The National Accreditation Body (Kenya Accreditation Service (KENAS)), Conformity Assessment Bodies (Public or Private, regulated or non-regulated) and regulatory agencies across all sectors carrying out surveillance on matters that impact quality, safety, health and environmental soundness of goods, services and processes. The Standards and Quality Infrastructure is required for effective operation of domestic market, access of foreign markets through international recognition and aims to promote and sustain economic development as well as environmental and social well-being.

Following the Presidential pronouncement on COVID-19 as a pandemic in Kenya on the 22-Mar-2020 and pursuant to the above, the Task Force recognizes that face to face presentation of your submissions may not be feasible at this time and hence invites you to prepare and provide written submissions (not more than 5 pages) in regards to the following:

- Indicate the sector in which your Organization operates in, and what aspects of your operations involve interaction with the current Standards and Quality Infrastructure organizations.
- How does your organization benefit from the current Standards and Quality Infrastructure framework and organizations?
- How is your organization impacted by the current Standards and Quality Infrastructure framework and organizations? If this is the case, provide a detailed experience as an appendix to your memorandum. This should include the actual 'cost of compliance' - cost defined in terms of money and time.
- Identify the weaknesses and shortcomings of the current Standards and Quality Infrastructure framework that are applicable to your organization?
- What is your organization's proposal for improvement of the Standards and Quality Infrastructure framework to enhance efficiency and effectiveness?

The written submissions should either be hand delivered to the office of the **Head, Joint Secretariat, Standards and Quality Infrastructure Task Force, Ministry of Industrialization, Trade and Enterprise development NSSF Building, Block A, Eastern Wing 23rd Floor**, or emailed to jmbeva1@gmail.com, no later than **2-June-2020 at 4.00pm**.
